Subject: Dewey-Burdock Fact Sheet Question

Hi, Mr. Minter --

In the Fact Sheet for the Class V wells for the proposed Dewey-Burdock uranium mine, it says that the Class V area permit would last for 10 years, "unless terminated for reasonable cause under 40 CFR s 144.40."

Do you know how often a Class V permit has been terminated by EPA?

Do you know how often a Class III permit has been terminated by EPA?

If you don't have this information, please let me know who might have it. It's important to clarifying the meaning of the information in the Fact Sheet.

Thank you --

Lillas Jarding, Ph.D.
Rapid City, S.D.
